Testimonials

I have been working with Keith for numerous years as a distributor of his line of Active Birth Pools in the US and Canada. He is an individual of great integrity and trustworthiness and believes in continuously improving his already perfect line of birthing pools. He is a true pioneer in the world of birth pools and has sharpened his pencil once again to improve upon what I thought was the perfect birth pool. With the new Active II and Venus II pools now in production, I guess you really can improve upon perfection! I'm proud to be a part of the Active Birth Pools world-wide family.

Tim Johnson-Grass - Family Health & Birth Center co-owner and Distributor of Birthing Pools

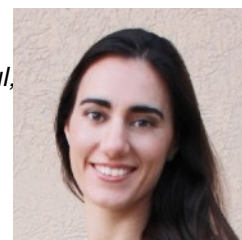

"When asked about the history of birthing pools in hospitals, I mention the day when Keith Brainin realised that special bath tubs might be designed and commercialised to meet the needs of labouring women."

Michel Odent – water birth pioneer, obstetrician and author

Giving careful consideration to the needs of a labouring person and their attendants, Keith continues to improve the active birth pool design and provide a useful tool for enjoying a beautiful, gentle birth.

Yasmin Rose - Founder at Rise Birth Center | Co-Author "Birthing with Heart" | Hospital Consultant

"Not only are they gloriously spacious and inviting, they are made to the highest specifications and considerations to maximise comfort and safety. In short, they are second to none!"

Sheena Byrom OBE - Activist, Midwife, Speaker and Author

Keith is very passionate and dedicated towards improving water births.

We have worked closely together on multiple projects and Keith is always very professional. The pools are designed for the women and midwives that prefer the active birth and built to last forever.

The pools are truly one of a kind!

Brian Vester - Product Manager and Partner at GM Medical

Testimonials

In my role as an International Trade Adviser I've worked with Keith Brainin, founder of Active Birth Pools, for a number of years. He is extremely knowledgeable of the requirements and advantages of the water birth experience, information which he has articulated to many prospective UK and International clients. Keith conducts thorough market research in order to understand the potential for Active Birth Pools in each territory, in order to establish the most effective routes to market. The testimonials he has received from professionals and mothers are evidence of his dedication to this unique and sensitive sector and I look forward to following the success of the business, and the continuing evolution of the water birth.

Steven Rapley - International Trade Advisor at DIT

"Beautiful pools and wonderful to see the history of their development. Thank you for all you have done and designed for women, their babies and partners over the last 30yrs to make birth more comfortable and peaceful."

Amanda Edwards – midwife and active birth teacher.

Biomedic International has been dealing with Mr Keith Brainin for more than 10 years as a distributor for Birthing Pools in UAE. Mr Keith is a dedicated and trustworthy business partner with strong business ethics. He has been consistent in manufacturing and delivering quality birthing pools with great standards. His commitment to his promises has been consistent. His attitude towards his business and his partners is remarkable. Moreover he is a great human being. It's been a great pleasure knowing Mr Keith as a business partner and as a friend.

Binu George Varghese - Managing Director - Biomedic International

"I have had the pleasure of working with Keith Brainin since 1985. His expertise in birth pools is unparalleled. He is professional to work with and the high standard of the birth pools has resulted in them withstanding the test of time and many births"

Yehudi Gordon MB BCH, MD, FRCOG, FCOG SA Author and water birth pioneer

FRCOG (Fellow of the Royal College of Obstetricians and Gynaecologists, London) Chairperson, Fernandez Foundation; Natural Birthing and Midwifery champion. When we introduced water birth and hydrotherapy in 2017 as options for women at Fernandez Hospital, our first Birth Pool and second one later- were both from Active Birth Pools est. 1987. We have had no cause for regret. As an obstetrician, I actively promote hydrotherapy as a choice for pain relief (provided there are no medical contraindications) and of course birth in water with midwifery-led care. Thank you, Keith Brainin for getting us started on this journey.

Evita Fernandez

Testimonials

It's my absolute pleasure to recommend Keith Brainin from Active Birth Pools. Keith and I have had a business relationship since 2015.. His knowledge of fixed birth pools and expertise in waterbirth pools is outstanding. With over 35 years of experience within the industry, Keith has developed the highest standard fixed birth pools on the market. Active Birth Pools are second to none. I thoroughly enjoy working with Keith and know him as a valuable asset to our company.

Jane Palmer Private midwife, lactation consultant and educator | Director of 3 companies | Health Education and Consumer Information Manager | Author of Preparing for Birth: Mothers

"Brilliant, like the wide rims so mums can sit on the side and swivel their legs round to get in and out, much safer."

A. Bentley NHS Midwife

I have worked intensely with Keith when we developed a birthing bed together. Keith knows what he wants and needs and can define if a product meets the endusers' criteria or not. He handles a very high standard and is creative. He is very straight and a deal is a deal. He knows the market and every product there is and sits never still. What I mean by that is staying on top of new developments to keep his products at the highest possible standard, as that is the ambition always.

Tom Smit Export manager at Score BV

"Even birth pools do not always permit free movement. Some pools are elaborate constructions with seats, handgrips and foot-rests. Movement in them is restricted, whereas Keith's pools allow mothers to move freely to find the most beneficial positions"

Sheila Kitzinger MBE – author and childbirth activist

GM Medical have worked with Keith for several years with great success.

Keith and his company have a portfolio of high quality products and an understanding of good partnership, which we highly appreciated over the years. Besides he is a great fun :-)

Jesper Anker Fremming - CEO at GM MEDICAL A/S, Managing partner and founder Klinik Mona Lisa Nordic Aps

Catherine Verrecchia - Sage-femme coordinatrice, Centre Hospitalier Annecy Genevois

"Your water birth pools have revolutionised birth"

C. Wilson Senior Midwife, Dewsbury District Hospital

"I've used Active Birth pools for over 17 years. They're really beautiful, technically perfect and exceptionally easy to use."

Dr Lucia Rocca-Ihenacho PhD, MSc, RM – Lecturer in Midwifery

"Let me introduce you to Keith Brainin who provided us with water birth pools for both our birth centres. His pools are brilliant and the service he provides is excellent"
